Who We Are

Forework is the only payroll software company developed by labor law attorneys. We provide businesses with a payroll system that integrates legal expertise, ensuring compliance with local, state, and federal regulations. Our software offers more than just payroll management—it safeguards your business by delivering legal accuracy at every step.

- ✓ Created by attorney experts in labor laws
- ✓ Systemic compensation formulas, built for you
- ✓ Attorney support with every click of the software

Legal Expertise at Your Fingertips

With Forework, your business is paired with a dedicated labor law attorney, who is available for 10 hours a month at no extra cost. Competitors simply don't offer this level of support, leaving you vulnerable to compliance issues.

Affordable Pricing with Premium Features

Forework is designed to be cost-effective while providing features like automatic compliance monitoring, tailored to your business needs. Our competitors charge extra for legal services or don't offer them at all.

Stay Compliant Without Lifting a Finger

Our software automatically tracks and updates regulations in real time, ensuring that your payroll process is always legally compliant.
